Celebrating 66 Years of Serving Together to Promote Church Library Ministry in the Commonwealth of Virginia and Beyond

About the Event

This training event for librarians is planned and hosted by the Virginia Church Library Association, a non-profit organization of volunteers dedicated to the support and advancement of Christian ministry through the local church library. The organization started in 1958 and continues to provide training and networking of church library workers twice a year at spring and fall conferences.

Please share this with anyone interested in church library ministry.

Individual & church memberships, conference fees, and occasional special projects provide funding for the organization's work. Consequently, it is essential that interested persons become members and attend conferences so these services can continue and keep this ministry alive.

Please visit our website www.vacla.org for additional information regarding the organization, membership, this conference, and helpful links to other related sites and organizations. We can also be found on Facebook - Virginia Church Library Association/VCLA and Instagram -vachurchlibrary.
